Sir:

AMENDMENT

In reply to the Office Action mailed July 27, 2004, please amend the

above-identified application as follows:

    Amendments to the Claims are reflected in the listing of claims beginning on

page 2 of this paper.

    Remarks/Arguments follow the amendment sections of this paper.

Finally, Applicants submit that new claims 18 and 19 contain recitations similar to those in claims 2 and 11, respectively, and are therefore also patentable for at least the reasons set forth above regarding claims 2 and 11.

In making reference to the specification herein, Applicants in no way intend to limit the scope of the claims to the exemplary embodiments shown in the drawings and described in the specification. Rather, Applicants expressly affirm that they are entitled to have the claims interpreted broadly, to the maximum extent permitted by statute, regulation, and applicable case law.

In view of the foregoing remarks, Applicants respectfully request reconsideration and reexamination of this application and the timely allowance of all the pending claims.

Please grant any extensions of time required to enter this response and charge any additional required fees to our deposit account 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,
GARRETT & DUNNER, L.L.P.
